## RETAIL AVAILABILITY

Stick With It® Palette currently available in 29 retail stores in the United States and Internationally!

## TESTIMONIAL

*"I highly recommend using the Grip It Gear™ Case when disassembling firearms. I use this product extensively for the small ball bearings, pins, and springs. The standard method of using a terry cloth or gun mat to place the small parts is not as efficient as this case. You risk moving the terry cloth and spilling the parts, or have parts rolling off the gun mat. The case opens as a tray to secure all parts, making it easy to lay out items in order of assembly. Plus, the convenience you can close the case and take it with you in your field bag. The case functions great even around the dusty field area, cleans up easy and the surface does not leave any residue on the parts. It works just like she says it does, easy, convenient and very affordable."*

- Officer Tyler Deyling, Firearms Specialist  
Firearms Training Unit  
San Diego Police Department
